### Drivetex Driveway Membrane

Drivetex is a heavy duty driveway membrane. This non-woven geotextile fabric for driveways and roads provides the best performance in ground stabilisation, filtration and drainage. Drivetex is a professional driveway fabric, to be used beneath MOT Type 1 or 3 aggregate or hardcore in sub-base layers. This prevents sinking and rutting caused by settlement of aggregates into the soil beneath (sub-grade) – a process known as 'pumping'.
